¹**HEALTH SAVINGS ACCOUNT (HSA) Special rules govern the use of HSA funds, withdrawals and deposit limits. See a Member Service Representative for an account agreement and additional disclosures. See your tax advisor about the tax advantages and liabilities of an HSA.**

NOTE: MEMBERSHIP IS REQUIRED AND A PAR VALUE SHARE MUST BE MAINTAINED FOR MEMBERSHIP SEE APPLICABLE SECTIONS BELOW FOR DETAILS.

COMPOUNDING AND CREDITING

Dividends will be compounded monthly and credited monthly. For this account type the dividend period is monthly, for example the beginning date of the first dividend period of the calendar year is January 1 and the ending date of such dividend period is January 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example above is February 1. If you close your account, or fall below the minimum daily balance requirement during the month, before dividends are credited, you will not receive accrued dividends.

MINIMUM BALANCE REQUIREMENTS

Minimum balance requirements for an account to earn dividends, if applicable, are listed below with other account specifics. Accounts that require a minimum balance will not be credited for accrued dividends during any dividend period during which the account falls below the required minimum balance.

- a. **Share Accounts** do not have specific minimum balance requirements. The par value membership share however is normally held reserved in a share account. See Par Value Shares and Dividend Period below for specifics.
- b. **Share Club Accounts** do not have specific minimum balance requirements although some clubs may require specific opening balances (i.e. Holiday Club, etc.) If such requirements exist they will be noted in an account specific Truth In Savings disclosure.
- c. **Money Market Accounts** are tiered accounts. If your money market account has the minimum balance to earn the tiered rate as stated above you will be paid that rate and APY on the entire balance in your money market account. A minimum balance of \$2,000 is required to open a Money Market account.
- d. **Checking (Share Draft) Accounts** generally do not have minimum balance requirements. Should a specific checking account product have such requirements it will be addressed separately (i.e. Premier Checking, etc.) within this section.
- e. **Premier Checking Accounts** are stepped accounts. Your premier checking account will pay the rate stated above on the amount of the total deposit in each step (i.e. A premier checking account with a total deposit of \$66,000 would be paid the step (tier) 1 rate on the first \$10,000, the step 2 rate on the next \$40,000 (50,000 – 10,000) and the step 3 rate on the remaining \$16,000. **Note: The actual earned APY for stepped accounts is shown as a range for tiers other than tier 1 because the actual APY is dependent on the total balance in each tier.**
- f. **2nd Chance Checking Accounts** require a minimum opening balance of \$50.00 which may not be used to meet the par value share requirement for membership.

BALANCE COMPUTATION METHOD

Dividends are calculated by the daily balance method which applies a periodic rate to the daily balance in the account for the period. Failure to maintain the minimum required daily balance during the dividend period will result in the loss of accrued dividends for the period.

ACCRUAL OF DIVIDENDS

Dividends will begin to accrue no later than the business day we receive provisional credit for placement of non-cash items (e.g. checks) to your account.

Fees may be charged whether the item is paid or returned. Whether your overdrafts will be paid is discretionary and we reserve the right not to pay. For example we typically do not pay overdrafts if your account is not in good standing, or you are not making regular deposits, or you have too many overdrafts either outstanding or historically. **Overdraft Privilege for ATM and one time debit card transactions require that you be opted-in, as required by regulation, otherwise ATM and one time debit card transactions that will overdraw your account will be declined. See a Credit Union representative, or log in to CPCU iBanking online at <https://secure.myvirtualbranch.com/CPCU/Signin.aspx> and click on service center / manage my overdraft options to opt-in to this service.** See a Credit Union representative to discuss other overdraft options such as overdraft protection.

We may impose a penalty if you withdraw any of the principal before the maturity date.

AMOUNT OF PENALTY – For all Share Certificate and IRA Share Certificate account with terms of one (1) year or less, the amount of the early withdrawal penalty for your account(s) is the equivalent of 90 days dividends.
